TUNGSTEN
SMART-HEAT® ELECTRIC COLLECTION

Introducing a reimagined Tungsten Smart-Heat® Electric Collection — delivering trusted infrared heat performance with refined design options, enhanced recessed installation, and new mounting accessories for a wider range of outdoor solutions.

SELECT
Design Flexibility

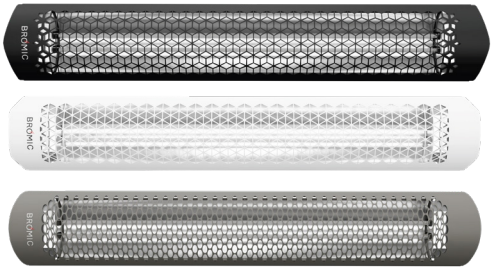

Colors: Black, White, Graphite
Fascia: 3 stylized options
Recessing: Low-clearance

TUNGSTEN SELECT SERIES

Designed for style-driven projects, Tungsten Select expands design flexibility with multiple finishes, fascia options, low-clearance recessing, and a refined single-post mounting system.

Available from 2000W to 6000W with 208V, 240V, and 277V options, Select provides targeted radiant heat across 65 to 160 square feet per unit. Soft-glow infrared elements deliver effective warmth without overpowering the space, while the low-clearance recess kit allows the heater to sit flush within the ceiling for a clean, integrated installation. Compatible with Affinity Dimmer and On/Off Controls for precise zone-level management.

COASTAL
Coastal Durability

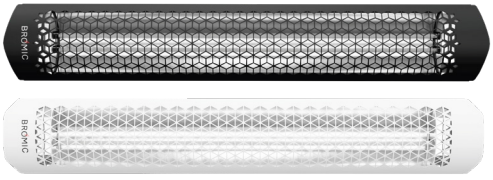

Colors: Black, White
Fascia: 1 stylized option
Recessing: Low-clearance

TUNGSTEN COASTAL SERIES

Tungsten Coastal pairs marine-grade construction with enhanced corrosion resistance, helping oceanfront terraces, rooftop bars, and poolside installations maintain their finish season after season.

Available in 4000W and 6000W models, Coastal delivers targeted radiant heat across 130 to 160 square feet per unit without harsh glare. The new low-clearance recess kit and compatibility with Affinity Dimmer and On/Off Controls complete a clean, fully managed installation.

Please reference the Specification Sheet and Installation Manual for additional specification information. Refer to the Price Sheet for model numbers and pricing.

SMART-HEAT® ELECTRIC COLLECTION

NEW LOW-CLEARANCE RECESS KITS

Low-clearance recess kits are available in Black and White for Select and Coastal models, with options for 2/4 kW and 3/6 kW configurations.

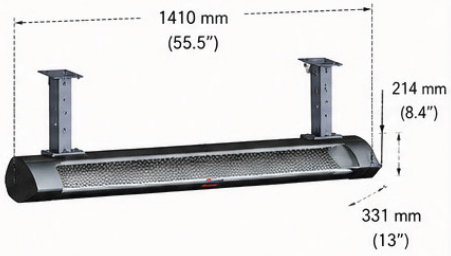

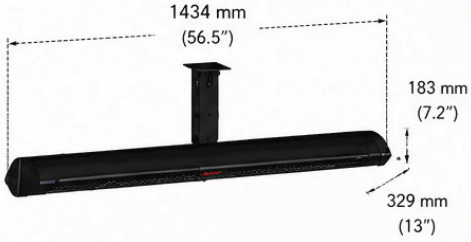

REFINED HEATER DESIGN

The updated heater design features a slimmer, lighter profile with reduced depth and a more refined architectural appearance. A new single-post mounting system further streamlines the installation across both Select and Coastal models.

Shown with 6 kW model. Updated single-post design applies across available Select power options.

SINGLE-POST MOUNTING UPDATE

PREVIOUS DESIGN EXAMPLE	NEW SINGLE-POST DESIGN EXAMPLE
 Two-post mounting	 Single-post mounting
DIMENSIONS (L x D x H)	1410 x 331 x 214 mm (55.5 x 13 x 8.4″)	1434 x 329 x 183 mm (56.5 x 13 x 7.2″)
WEIGHT	10 kg (22.0 lbs)	6.25 kg (13.8 lbs)

AFFINITY SMART-HEAT® CONTROLS

Dimmer and On/Off options for precise zone-level heat management.

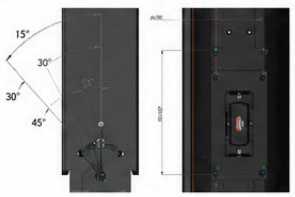

Affinity Dimmer

Affinity On/Off

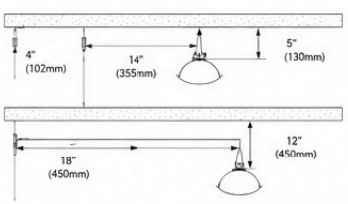

MOUNTING ACCESSORIES

MOUNTING BRACKET

- Mounting bracket set positions for 15°, 30° or 45°
- 62 x 102 mm (2.5 x 4″)

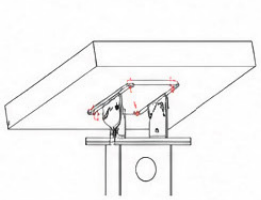

CEILING MOUNTING OPTIONS

ADJUSTABLE ANGLE BRACKET

PITCHED CEILING MOUNTING
